# Assignment 1 (Group Assignment)

# ITE 351 – Introduction to Artificial Intelligence

Due:

- Paper selection by Sept. 29, 23:59
- Presentation date: Oct. 9/10 (in class)

Each group will prepare for their slides and submit them before in-class presentation. The papers are assigned as following:

Paper selection on Sept. 29, 23:59 (we will discuss more in class)

You will choose a paper from the following conference: KDD 2017

http://www.kdd.org/kdd2017/accepted-papers

Do NOT choose a paper from '-Poster'. Please choose a paper no less than 4 pages long.

Your slides should include the following components:

- Research background
- Research goal
- Contributions (their work)
- (your) Lesson learned

Print one copy of your slide for in-class presentation and submission.

Here are your subtasks:

1. Write a message on the HY-IN web board (HY-IN course website-> PDS-> Student data. Please see the attached screenshot) reporting your group members and paper title. It will be assigned as first-come first-serve basis. Whoever picks the paper first, it's theirs. You must choose other papers to avoid conflict. Due: Sept. 29, 23:59.

Sample message format:

Title of message: title of paper

Group members: your names
Paper: "authors of paper", "title of paper", KDD 2017.

2. Prepare your slides. Each will be given 10+ minutes to present.
   Due (Presentation): Oct. 10, in class.

   - Make your slide informative. Include more text, rather than figures.
   - no more than 8 pages.
   - Print your slides and submit in class
